LUTZGRAD — In acknowledgement of his acts of bravery during the occupation and his eagerness to share his international assets and properties with his comrades in our new and ancient homeland, the Secretariat of Lands and Treasures has formally granted Mr. Zero Moustafa all rights of propriety and ownership to the Grand Budapest Hotel. It will be a place of refuge to all the People of Zubrowka.

Due to the abolition of private property within our commonwealth, negotiations between the administration and Moustafa’s legal team have been exceedingly complex and peculiar. Records of the discussions between the parties are said to run to over eleven hundred pages and will now be censored and sealed in the state vaults where they are expected to remain in deep storage indefinitely.

The Grand Budapest Hotel contains 228 rooms. Mr. Moustafa has agreed that the grand suites of the lower floors will be divided and partitioned in a democratic fashion.
